Dear Mr. Smith:

The following controversial geographic names submitted by your April 19, 1979 memorandum in connection with the Mount Hamilton, Nevada map at 100,000 scale, have been researched. Approval is given for their use as prescribed by Board on Geographic Names' policy for provisional names. The names and their applications are as follows:

Railroad Valley:                      39°13'45" N, 115°36'45" W (N end)  
   37°45'00" N, 116°07'30" W (S end)

Newark Valley - not Railroad Valley  
   39°53'30" N, 115°40'00" W (N end)  
   30°13'45" N, 115°36'45" W (S end)

✓ White Pine Range - not White Pine Mountains  
   39°36'40" N, 115°33'00" W (N end)  
   38°49'00" N, 115°24'00" W (S end)

Sincerely yours,

Donald J. Orth
